QUALITY RESEARCH

GOVERNANCE & SUSTAINABILITY

AIM

- **Demonstration of ongoing improvement in quality, value, and sustainability that addresses the needs of patients, stakeholders and community through foundation investments (funding).**

ENGAGEMENT

AIMS

- Increase profile of the surgeon and patient research community at all levels
- To promote a culture of research and leadership within the research and AOA community
- To leverage MSK patient experiences and access to high quality care surgeons.

QUALITY RESEARCH

AIMS

- Measure the impact, volume, scope and scientific quality of research through objective metrics
- Promote the translation of research findings into practical applications that directly contribute to improved patient care, fostering a clear path from research to clinical impact.
